

ARTICLE 8

POINTS FOR BEGINNING AND ENDING DAY

Article 8

(a) The pay of yardmen shall continue until they reach the point at which they started to work. This refers only to commencing and ending of day's work. Places will be designated in yards at which yardmen in each yard will start to work.

MODIFIED

Where hardships are caused by this rule, the local officers and local committeemen shall jointly negotiate and afford relief on such crews.

(b) The point for going on and off duty will be governed by local conditions. In certain localities, instructions will provide that yardmen will report at the hump, others report at yard office, others at engine houses or ready tracks. It is not considered that the place to report will be confined to any definite number of feet, but the designation will indicate a definite and recognized location.

NEW

Proposed by Organization

(c) The Carrier may change the point specified above by notifying the yardmen assigned to the job at least 48 hours in advance of the existing starting time on the effective date of change. These assigned yardmen will, if they desire, be permitted to exercise their seniority in the same manner as is described in Article 9 (i). Notification can be by bulletined notice, in person or by phone. It is understood that the Carrier may also accomplish such change by abolishing the assignment and bulletining a new assignment under existing agreements.
